## Performing the Exercises

## **Standing Long Jump**

**EQUIPMENT:** Any level surface where competitor can jump into a soft area. Take off line should be clearly marked.

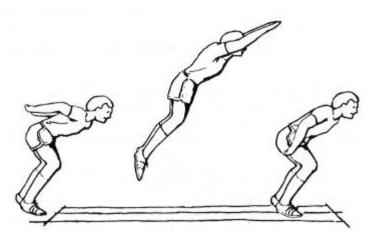

Tape measure is required to measure distance.

**TIME LIMIT:** Three jumps to be completed in three minutes.

**IMPORTANT:** Only the best of three jumps will be recorded for score. Measuring is from take-off line to the nearest

point of contact on the landing. Stepping over the line and continuing the jump is a foul and counts as

an attempt. Foul jumps are not measured. Falling or stepping backward after the landing will result in measurement to that point of contact rather than where the feet first touched.

## **EXERCISE**

**Position:** Competitor stands with feet comfortably apart, toes just behind an established take off line. Knees may be flexed, and arms may be swung forward and backward in a rhythmical motion to build momentum.

**Execution:** Jump forward as far as possible. Landing may be on one or both feet.
